Woodinville, WA – February 14, 2007 - EAW has appointed inventory and warehouse management veteran Leslie Faretty to the position of Inventory Manager. The appointment was announced by Jon Bosaw, EAW Business Director.

Faretty brings 10-plus years of experience to the position, where she is charged with managing global EAW product inventory, focusing in particular on the crucial issue of the stocking and tracking of replacement parts around the world, as well as related pricing matters. She also works directly with customers on inventory and parts issues.
